A Message From Our Executive Director

Dear friends and partners,

Twenty-five years ago, Ombudsman Services of San Mateo County was founded on a simple belief: every person deserves to age with dignity, a voice, and community support. This year, that belief got a new name. We rebranded to AgeUp: shorter, spunkier, and built for a broader mission – bringing joy, enrichment, and connection to older adults and people with disabilities, wherever they call home.

Our new Kindness Crew program brought music, art, and real conversation to more than 2,000 residents. We launched Camp AgeUp and watched 350 people try beekeeping, glassblowing, and surfing for the first time – some in their 80s. We brought learning and connection to libraries, senior centers, care facilities, and living rooms in all 17 cities we serve. And of course, our flagship Long-Term Care Ombudsman Program continued to show up at facility after facility, case after case, resolving the overwhelming majority of what we investigated.

None of it happens without our staff, volunteers, donors, and community partners. Twenty-five years in, we're not just marking an anniversary – we're building what comes next.

With gratitude,

Elyse Brummer,

Elyse Brummer, MPA, PhD

CEO, AgeUp

"No one takes time to ask how I am doing. You are the first person I've met since I got here who seems to care about what I am saying or how I am doing. Thank you for taking the time to sit with me and listen."

– Resident

"It's rewarding when you can see improvements in the quality of life of the residents. There's a little group home I go to and one of the major complaints was the food. Since then, they've made changes in what they're serving and the residents that live there are grateful. They're so much happier."

– Mary Buysse
Volunteer Field Ombudsman

What our Ombudsmen do

- Advocate for residents' rights and quality of care
- Investigate complaints about care, abuse, and neglect
- Assist with eviction prevention and discharge planning
- Witness Advanced Healthcare Directives in skilled nursing facilities
- Train facility staff on residents' rights and best practices
- Train first responders to identify elder abuse
- Shape local, state, and federal policy

Friendly Visitors, Phone Buddies & Making Friends In Your 60s

One relationship at a time

Social isolation is one of the most significant health risks facing older adults. Our Friendly Visitors and Phone Buddies programs address it with actual conversations, not check-the-box visits – in person and by phone, on a regular schedule. Making Friends in Your 60s & Beyond takes it to older adults in the broader community: small groups, low pressure, an easy way to get to know others.

"My husband and I joined the Making Friends in Your 60s & Beyond program this week. It felt a little like speed dating for friendship. We left with several new phone numbers, and nearly everyone was exchanging contact information. It was exciting to realize that we can still expand our social circle at this stage of life."

Camp AgeUp
Never Stop Exploring

Adventure has no age limit

IMPACT REPORT · FY2026 ·

Camp AgeUp is our newest program: a summer day camp for San Mateo County adults 50+, offering hands-on workshops, outdoor adventures, and skill-building classes from June through August.

It's a chance to try something different, meet new people, and cross something off the bucket list. Activities are free or subsidized, with scholarships available – cost is never a barrier.

"From the moment I read about summer camp for older adults I knew I needed to participate. What could be more fun than trying ceramics at 67? The variety of classes from pastry making to wine blending... the opportunity to meet other people my age with interesting stories to share. How fortunate we are to have access to a summer camp designed just for us. I can't wait for next summer's offerings!"

– Camp Participant

"I'm truly impressed by the clever variety of classes offered and the single class model that allows us to learn about opportunities for further exploration in our local community. I think it is good for the businesses that participate too, as I was not aware of many of them prior to class."

– Camp Participant

"I made a resolution on New Year's Eve 2025 that I was going to start saying "yes" more often in 2026 and the Summer Camp Age-up program allowed me that very opportunity! I'm so glad I said yes to signing up for the Sailing afternoon. I used to sail in my 20's and loved the feeling and it came rushing back to me. I had such a great time experiencing all my senses coming alive! Thank you for offering this program and I will be doing it again next summer!"

This year's advocacy in action

- Took resident voices to Sacramento – four team members met directly with state legislators to push for stronger long-term care protections and oversight
- Hosted ride-alongs with elected officials, giving policymakers a firsthand look at long-term care facilities and resident experiences
- Helped shape statewide priorities on resident rights and elder abuse as part of the CLTCOA Legislative Committee
- Delivered 30+ workshops helping residents, families, and professionals recognize and report elder abuse and neglect
- Sit on San Mateo County's Elder Abuse Prevention Coordinating Council, multidisciplinary team, and Elder Death Review Team
- Serve on the New Beginnings Coalition and AgeForward San Mateo County, advancing California's Master Plan for Aging
- Partner with Health Plan of San Mateo and county agencies to close gaps in long-term care systems

"WHAT WE LEARN FROM ONE RESIDENT'S EXPERIENCE CAN HELP PROTECT THOUSANDS."

Strong Partnerships. Stronger Community.

We can do more – together.

AgeUp collaborates with a wide network of community partners and funders to expand resources, share knowledge, and get things done for older adults across San Mateo County.
